01 / ABOUT TRIPS WITH SAM

A world of travel, told through experiences

Trips With Sam is an independent travel and lifestyle publication exploring destinations, hospitality and the experiences that make a journey memorable. Founded by Sam Bhandari, the platform brings together destination discovery, thoughtful travel perspectives and stories shaped by places, people and culture.

Its editorial interests span luxury hotels and resorts, international travel, fine dining, culture, wellness and lifestyle. The intention is to look beyond a property's address or a destination's landmarks and communicate the atmosphere, character and details that give an experience its own identity.

OUR EDITORIAL APPROACH

Curiosity, considered storytelling and a genuine interest in how travel connects us with the wider world.
